Return to CIA Library

The following information was obtained from a worker of the Bauunion Firm employed at the PEENEMUENDE (N 55/P 83) airfield:

1. Fourteen cantonment buildings, 40 x 150 feet each, were under construction in PEENEMUENDE as quarters for air force personnel.
2. The runway was 7,200 feet long.
3. About 100 single-engine fighters were parked at the field.

25X1

Comment:

- a. The construction of cantonment buildings was confirmed by other sources.
- b. The reported length of the runway is correct.
- c. The number of aircraft agrees with previous reports. It is assumed that at least two, probably three fighter regiments are stationed at the field. These regiments are assigned to the 294th Ftr Div.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
